

# Shooting Range & Outdoor Education Centers

SERVICES, OPERATING HOURS AND REGULATIONS

MDC

**DISCOVER  
HUNTING**

REVISED 2011

## Staffed ranges target outdoor skills & safety

Regardless of your experience or skill level, our five staffed shooting range and outdoor education centers are designed to help you become a sharper, safer hunter or outdoors person. Come to shoot targets or attend one of our many outdoor skills programs. Our staff of specialists and trained volunteers can help you or your group master firearms and archery, as well as map and compass, wildlife identification and many other outdoor skills.

Because safety is such a big part of a successful hunt or outdoor adventure, our facilities and programs emphasize proper handling of equipment, eye and ear protection, and consideration for the welfare of fellow hunters and trail companions.

### *Facilities, programs and services*

Each outdoor education center provides the following:

- Rifle and pistol range with covered booths
- Training/meeting room
- Eye and ear protection
- Newsletters
- Outdoor skills training programs
- Special events

Check each center's online calendar for upcoming programs and events, and to sign up for the newsletter.

### *Reserve a center for your group's meeting or training*

Staffed shooting range and outdoor education centers are available for group use by purchasing a Special Use Permit for \$20 per hour. For details about reserving and using the centers, call your center of interest. Contact information is listed with each center on the following pages.

### *Fees and funding*

All staffed shooting range and outdoor education centers are funded in part through federal aid grants. Fees at staffed ranges, which vary slightly from center to center, help fund day-to-day operations. Fee information for each center is listed on the following pages.

## Unstaffed ranges available around the state

Unstaffed ranges around the state offer opportunities for hunters to practice their shooting skills at their own pace. No fee required. See Page 14.

## Shooting range regulations

Rules and regulations are designed to protect users, staff and equipment. Please observe all regulations when you visit a range. Check with the range for additional regulations.

- All shooting range users must wear eye and ear protection.
- Always keep the muzzle pointed in a safe direction.
- Treat every firearm as though it were loaded.
- Always make sure the firearm is unloaded and keep the action open except when actually preparing to shoot.
- Be sure the barrel and action are clear of obstruction and that you have the proper ammunition for the firearm you are carrying.
- Be sure of your target before you pull the trigger.
- Never point a firearm at anything you do not want to shoot. Avoid all horseplay with a firearm.
- No drugs or alcohol or persons under the influence allowed on range.
- Obey "cease fire" commands promptly. Unload all firearms and lock actions open.
- All shooters 15 years of age and younger must be supervised by an adult who is at least 18 years old.
- No smoking on firing lines.
- No more than two people in a booth and one firearm handled at any given time.
- Only fire at designated targets. No firing at frames, numbers, trash or range equipment.
- Household pets are not permitted on the range. Gun dogs brought to the trap and skeet ranges for training must be kept on lead and at least 25 feet from the firing lines.
- Any infraction of the range rules could result in immediate loss of range privileges without refund.
- Fees must be paid before using ranges that require a fee.
- No tracer, armor-piercing, steel-core or .50 caliber bmg ammunition allowed.

## Adopt-a-Range

The Missouri Department of Conservation has an adopt-a-range program that allows individuals, families, schools, clubs or other organizations to adopt all or part of a staffed or unstaffed range with special signage to recognize their support. The adopt-a-range program allows the public to take ownership of their ranges by helping keep them clean and safe. Contact the range manager or local MDC office for more details.
